Objective

A motivated second-year B.Tech student with a strong interest in **software development and problem-solving**. Seeking opportunities to apply my knowledge of **C, Java, Python, HTML, and CSS** in real-world projects. Eager to learn new technologies, improve coding skills, and gain hands-on development experience. Aspiring to contribute effectively to team-based projects while building a strong technical foundation.

Education

B.Tech (Information & Technology)	2024 – Present
R. R. Institute of Modern Technology, Lucknow (AKTU)	75.22%
Intermediate — B.R.G.PIC, Barabanki	2021-22 70.6%
High School — B.R.G.PIC, Barabanki	2023-24 80.16%

Projects

Disaster Preparedness and Response

Tech Stack: HTML, CSS, JavaScript

- Developed an application to provide **awareness and guidance** on disaster safety measures.
- Included **step-by-step emergency protocols** for different types of natural disasters.
- Designed informative content to help users **respond effectively during emergencies**

NOVA Desk (Travel & Lifestyle App) Tech Stack: HTML, CSS, JavaScript

- Designed a **user-centric platform** for discovering nearby places and attractions.
- Enabled users to find **hotels, restaurants, shopping malls, and entertainment zones**.
- Provided **personalized suggestions** based on user interests and preferences.

Technical Skills

Frontend: HTML, CSS

Programming Languages: Java, Python, C
